

That Reading Thing

for people who don't know they can

~~On Site~~ Training

Online Training £160

All training is online until further notice.

We're supporting TRT tutors to hold their sessions online.
We'll send out materials to home addresses if requested.

Who should train?

Any staff member with excellent literacy skills and time to work 1-1.

Training for teachers who don't have 1-1 time

We also offer hands-on (remote) workshops for any staff member who might be asked the question, "How do you spell ...?"

For anyone from admin staff to physics teachers. Ask about booking and prices.

If you have fewer than six people or simply prefer the flexibility of training when and where you want, ask about online staff training.

£160 includes materials for one tutor and single user access to the training videos. Get in touch to chat about how it could work for your school.

This is accessible globally through trtgo.com

We're flexible!

Ask about

- shared training for a cluster of schools
- adding a whole staff session on spelling
- peer reading mentors

For more information, or if you're interested in online only training, please contact Tricia Millar
